How Alleged Abusers become Accusers of ‘Witness Intimidation’

Evidence of Cover-Ups of Satanist Ritual Abuse of Children in Hampstead

Background

On 05.05.14 and 11.09.14 Metropolitan Police Service at Barnet took extensive witness evidence from children ‘A’ and ‘G’ in the form of over 3 hours of videoed interviews; physical evidence in the form of drawings of intimate tattoos/birthmarks of the 70+ allegedly guilty Cult members was shown to a relative who acted as Police informant.

‘A’ and ‘G’'s allegations of sexual abuse instigated by their Cult Leader father Ricky Dearman exactly corresponded to widespread practices in the UK reported to the [Children's Commissioner](#)¹ in January 2012: [Satanist Ritual Abuse of Children](#)² as part of their [national inquiry](#)³; including the fact that police officers are usually co-opted into the Cult to ensure an effective cover-up of the Cult's criminal activities.

In line with the sort of Cover-up described in the Report, the drawings were stored 10 miles away and excluded from the subsequent Investigation. None of the alleged 70+ perpetrators were medically examined for tattoos/birthmarks. There was a cursory 2 week Investigation into the children's allegations of Satanic Sex Abuse before the case was declared ‘No Crime Committed’.

On 25.10.15 the IPCC found the Complaints Officer's Investigation to have been [Inadequate](#)⁴ and ordered a Re-investigation of the Mother's complaints.

To date, No Re-investigation has taken place.
